

A note to our customers

At Pacific Communities, we are committed to keeping our homebuyers, employees, and communities healthy and safe during these unprecedented times. In the meantime we will continue to keep our sales offices open in order to facilitate the homebuying process, whether you are a current homebuyer or you are actively looking to purchase a new home.

As we continue to monitor and assess the COVID-19 situation, we will be taking the following precautions to minimize the spread of infection.

- Upon entering a Pacific Communities Sales Office, all guests must first pass a temperature screening. Any guest with a temperature of 100.4 degrees Fahrenheit or higher or who refuses to have his or her temperature screened will be asked to leave.
- Regular and thorough hand washings
- Disinfection of all high-touch surfaces
- Hand sanitizer and hand soap available in sales offices
- Social distancing - limiting handshakes and close contact

Our sales centers remain open daily to welcome you. In addition to one-on-one in-person tours, we're also offering virtual or phone appointments. Please call ahead to schedule your appointment.

As we continue to navigate these uncharted waters, we will keep your safety and well-being our priority. We thank you for your interest and support.

Nelson Chung

President, Pacific Communities Builder, Inc.
